Subject: RE: Mapping of the National Parks project

Thanks Wesley

I will ask GIS to set up yourself and Damian up on the proposed Wicklow Map viewer with permissions.

PMU and Cristina from GIS are planning to do a Webex call with representative from the National Parks talking through the process the mapviewer etc,. It will be probably a few weeks before we kick that off. We will be in touch in due course in relation to this.

PLEASE NOTE MY EMAIL ADDRESS IS NOW patricia.mooney@housing.gov.ie and I do not have access to email sent to any other address.

Kind Regards,

Patricia Mooney

Hi Patricia

Damian Clarke DCO will represent WW Region/WMNP, he already sits on the GIS/Mapping Group.

Obviously any review of WMNP will be a collective so I'll get to check over them too.

Regards

Wesley

Subject: Mapping of the National Parks project

Colleagues,

As part of this unit's review of the National Park boundaries and due to increased requests from staff and members of the public, we have commenced a project to produce a set of maps of the 6 National Parks. These maps will be released to the public and will not be conclusive boundary maps but rather show the managed park.

These will be signed off by Regional Management as well as Parks & Reserves.

We are asking you to nominate a staff member in your division that has knowledge of the boundaries of the National Parks to work with ourselves and GIS by reviewing a draft map of the Park on a map viewer and advising where there are inaccuracies or omissions.

Can you please return a name to myself and Brenda (cc'd) by COB on Friday 18th June so we can progress this project as soon as possible.

Thank you in advance.

Kind Regards,

Patricia Mooney

Subject: RE: 4,900 acres of NPWS land
Attachments: Orwell Map.pdf; Glenasmole2005-1.pdf

Hi Patricia

The only maps I have are attached. They are from the previous owners and date back to 2005. This map I believe was the one used in NAMA transaction. You should have the paper copy as per 2005-1 above on your file.

Unfortunately we haven't even got an up to date map of WMNP at the moment that includes this acquisition and the [REDACTED] at Carraigacurra last year. It's frustrating that we don't have a map of WMNP to share and publicise by way of information for an enquiry like this and to put out on our literature and the issue is replicated across the country and not unique to us.

Has there been any update in relation to mapping our NPs, pre-Covid I know PMU were taking this up with GIS, is there any update?

Regards

Wesley

Hi Wesley

Please see below query we received in relation to the land at Glenasmole. The requester is querying whether there are maps of the land purchased contained in publications or otherwise available to view.

I have send request for an update on the progress of first registration with PRAI to CSSO. The application is still coming up as pending on land direct.

Dear Ms Mooney,

Thank you very much indeed for getting back to me so quickly and for updating me on the land.

Does it currently exist on any published maps (online or otherwise) and/or is there a likely time-frame for this to happen?

Many thanks.

Kind regards,
[REDACTED]

Subject: 4,900 acres of NPWS land

Good morning,

I want to enquire about the identification and exact location of 4,900 acres of land in Bohernabreena/Glenasmole that was sold through NAMA to the State and then was to be given to the NPWS. All this occurred around August 2016.

<https://www.independent.ie/irish-news/news/state-to-buy-5000-acres-of-nama-lands-in-wicklow-mountains-34935433.html>

<https://www.irishtimes.com/business/commercial-property/sale-of-4-900-acres-to-fuel-debate-about-wind-energy-in-dublin-1.2675747>

Did this land end up under the guardianship of NPWS? Is it contained on any maps or publications?

I appreciate your assistance in this matter.

Yours sincerely,

[REDACTED]

Hi Patricia,

This shapefile includes the Wicklow Mountains National Park extension in Irish Grid (which fits perfectly with the version 1.00 of the NPWS database) and an adjoining polygon with Castlekelly extension. Does Castlekelly belongs to the National Park?

Thanks for the information,

Chat soon,

Cristina

Hi Patricia,

Attached please find our NP shapefile and a version of the Castlekelly boundary I did for internal use, this was done onscreen copying off a paper map so is not very accurate. The two areas you mention, Castlekelly/Glenasmole and Carrigacurra are the most recent acquisitions that aren't digitally mapped. I don't believe there are others, purchases from the Waterford and Luggalla estates are included on the boundary supplied. They may have been digitised locally.

I'm not available the rest of the week but am pretty free next week at the moment for a webex call,

Thanks,

Dámian.

Hi Cristina,
Yes, that looks right to me. I think Castlekelly is also known as Glenasmole which we acquired in the last few years. If you can include it now and we can double check it with Regional.
All the best,
Will
