Unit E4 Nutgrove Office Park,  
Nutgrove Avenue,  
Dublin D14V3F6.

**RE: PRR 16/363** - water treatment plant including a water treatment building (gross area of approx 4670 sqm) a low lift pumping station, sludge treatment facilities including a sludge dewatering building, sludge balancing tank, thickening tanks, sludge holding tank and sludge storage tank and sludge storage facility, washwater recovery and settlement tanks and an electrical distribution building to replace the existing water treatment scheme, alteration to the existing reservoir offtake tower, addition and alteration to pipework and structures within the existing reservoir dam, construction of a piped siphon over the existing reservoir dam, demolition of a disused public toilet, regrading of the existing overflow spillway and associated landscaping and site development works – Irish Water.

A Chara,

In response to your submission received on the 23<sup>rd</sup> and 31<sup>st</sup> May 2018, with respect to compliance with conditions 2(b) and 4(b) of Planning Permission appeal reference PL27.247745(p.r.r. 16/363), I wish to advise the following.

The Planning Authority confirm that the schedule of commitments received on the 31<sup>st</sup> May 2018, to accord with the requirements of condition 2(b) of PL27.247745, is acceptable based on a review of the conditions attached to PL27.24775, the documents submitted with the planning application, and the documents received by the Planning Authority at the oral hearing.

The Planning Authority confirm that the locations of the hydrometric gauging stations, as identified in the submission received on the 23<sup>rd</sup> May 2018 with respect to condition 4(b) of PL27.24775 are acceptable.

Mise le meas

*Anne Marie Kelly*
