Hi [REDACTED]
No application form would have been submitted for the review. An application form is only submitted if it's an application for a new licence. The council issued a notice of review and the licensee submits info based on this. The info submitted by the licensee is what makes up most of volume 2. The NIS is actually viewable on the planning file 11/1003. I don't believe we actually carried out an AA as would be done now but the NIS was assessed and the council was satisfied with it's contents.

If there is anything you need clarified, please revert back.

Hi Fintan,

Thanks. I went through all three files and I did note that the majority of literature for the 2013 review was contained in Vol no. 2. However what I could not find is the application form or documentation provided by the licence or the Appropriate Assessment undertaken by the competent authority. Now some of that may be contained within the 2011 application for the upgrade works so I am going to see if that closes the gap for me.

We can chat later if you can give me a call please.

Hi ██████████, sorry I'm on an online course, I'll call you back after lunch. Dave O'Connell told me that you couldn't find info in relation to the 2013 review of the Kylemore licence. The whole of volume 2 of the file is in relation to the review.

Hi [REDACTED]

I was just thinking that it might be better if you just drop down to Liosbaun and you can view the files and if you need a photocopy of anything, that can be arranged. I'm not in the office tomorrow or Wednesday but my colleague Dave O'Connell will look after you.
