**Subject:** RE: water abstraction register

Hi Ciara,

Please find response to your request below and attached.

In accordance with Article 6 of the Regulations (S.I. 261 of 2018), the Environmental Protection Agency may share information on abstractions, with the exception of personal information, with persons or public bodies, so they can satisfactorily discharge their statutory functions. In this regard the abstractions information / data presented by the Environmental Protection Agency in the attached file is private information and may not be shared, distributed, published, copied or made public by the Public Authority, or their agents, without written agreement from the Environmental Protection Agency.

The information / data provided have been generated from the Environmental Protection Agency's Water Abstraction Registration Database and relate to those water abstractions of 25 cubic meters (25,000 litres) or more per day that have been registered with the Environmental Protection Agency.

Whilst every effort has been made to ensure the accuracy of the information / data contained in the attached file, the Environmental Protection Agency assume no responsibility for and give no guarantees, undertakings or warranties concerning the accuracy, completeness or up to date nature of the information / data provided and do not accept any liability whatsoever arising from any errors or omissions.

Please contact me with any questions.

Best regards,  
Philip

**Subject:** water abstraction register

To the Environmental Protection Agency,

I am seeking information on water abstractions on the River Nore in the vicinity of Kilkenny, listed on the water abstraction register of the EPA, is this information available online? If not, could you provide a point of contact for my enquiry?

With thanks,

Ciara O Mahony, Wildlife Inspector Grade 2
