Folks,

Just got off the phone from Jimi and he informs me that [REDACTED] has removed the equipment and ceased operations on Saturday, dont know what time this happened at.

Regards

Ciaran

To whom it concerns,

As a follow up to the my initial confidential complaint and query; I can confirm that yesterday I observed this same practice at this same location as previously indicated.

Can you confirm whether the NPWS has agreed to allow this practice continue or is the farmer in question now in breach of your instructions? For that matter, what were the instructions issued initially, if any?

Kind regards,

[REDACTED]
