Dear Sir/Madam,

With regard to applications for felling licences, pursuant to Section 17(5)(a) of the Forestry Act 2014, the Minister may consult any person whom he or she considers to be appropriate. To this end, the Minister issues felling licence

referrals to a number of statutory authorities and other bodies of which Inland Fisheries Ireland is one. Inland Fisheries Ireland is now invited to submit comments and observations in respect of the felling licences referenced in the above table. The timeframe in which a response is expected is **four weeks**. Please note, if no response is received within this timeframe, “No Comment” will be noted in respect of the files listed above.

While the Minister will have regard to any written submissions or observations received in respect of any such felling licence application so referred, he or she must be mindful that where he or she decides to grant a licence, in whole or part, with or without conditions, in attaching any such conditions to the licence, those conditions must be within the powers conferred upon him or her by statute, and will be guided in doing so by the following criteria for the imposition of conditions, namely that they are necessary, relevant to the project or activity for which a licence has been sought, enforceable, precise, and reasonable.

The Minister will also have due regard to other statutory obligations placed upon him or her, as well as taking account of the relevant policies or objectives of the Government as regards the development and promotion of forestry in a manner that maximises the economic, environmental and social value of forests within the principles of sustainable forest management.

Applications referred to you are available to view in the Forestry Licence Viewer. The FLV may be found here <https://forestry-maps.apps.rhos.agriculture.gov.ie/> . The user will be able to see the site boundaries and can see other applications for forestry licences in the area (applications from 1st January, 2018). Looking at a specific application by keying in the reference number in the search box, the user can view the application documents, including maps.

Please quote the above Felling Licence reference numbers in all correspondence, and return any response to Felling.forests@agriculture.gov.ie

Kind regards,
Eimear
