Morning Margaret,

I should have added to the below details that the licence is for a Strategic Energy Project (windfarm). The TFL in question will include a clearfell with replacement lands (outstanding). Having spoken to the applicant it is agreed that replacement land to be submitted will cover both the remaining area for the TFL and the area covered by the premature felling.

Any questions please ask.

Best regards,

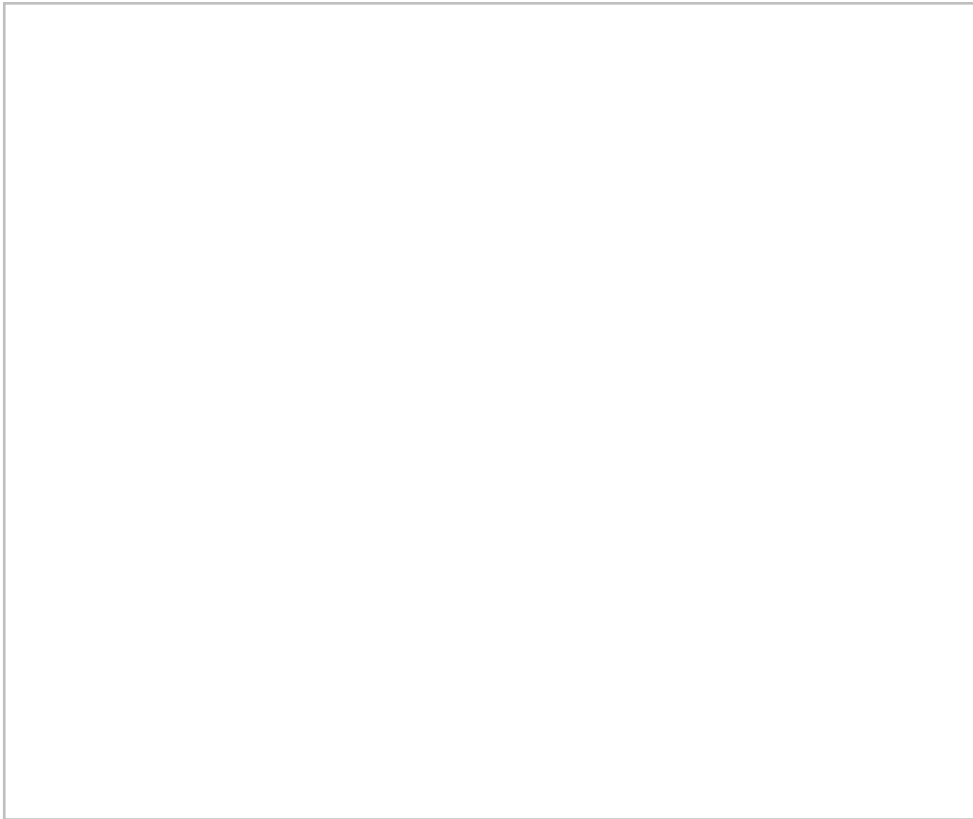

Aaron.

Hi Margaret,

- The plots involved are 1,2,6, and 7 (see image1 below).  
Image 1 (plots for AIF in stronger Red)

- I visited the site on the 30/08/2023 and took the following photos.

<p>Photo 1:</p> <p>IMG_20230829_104729.jpg</p> 	<p>Photo location 1:</p>

- The newly built road (on the left of the above photos) covers the above plots (1,2,6,7). This road was built prior to receiving the licence for permanent removal of trees (TFL00938523). The above situation was confirmed by the applicant.

If any further information is required please let me know.

Best regards,

Aaron.

Hi Aaron

Please can you provide us with more information . Which plots are you referring to ?  
Have the trees already been felled ?

Thanks  
Margaret

Good morning,

I need to raise an AIF for a portion of the area covered by the TFL application above.

I have already spoken to the applicant and they have accepted the error.  
It is part of a strategic energy infrastructure project.

Any assistance would be much appreciated.

Best regards,

Aaron.
