EPA Inspector, Pat Buckley, Md.

Call. O'Rourke, St. Joseph

P: 50: St. Joseph completed. I
 going over reports for St. Joseph
 help to fill out to show why
 change system. why long used
 slurry tank. in place (could be
 be away from off-site. Since we
 change system report (gully) on
 National basis. the rest of it.

27th Apr, June, June and for
 on good form is for Mel O'Rourke
 to wish to (change). Report on
 the oppy for June review.

has a St. Joseph has become a
 limited company. 27/1/1972. Maybe
 before of EPA. I've had the type
 to set back transfer to the stage
 the back but can't be done

return applies anyone employed
Sally assessment has been completed
by Cynthia, employee, by Dixon
Foster has completed. News supply
Spencer. One the books is completed
the new application will be submitted.
The new application is ready to be
begged. I don't think it by
Cynthia to include in Vol 16-2
only if he mentioned that if do
they accept being included as of
Sally they get. I don't think
that I will need to prepare a
Cynthia. "You are not going to
say anything but only you do say
will be like that in why and
my go over your evidence. Do you
wished by Cynthia?" (Signed) O
Donovan. See to it good.
AF-15 are very pleased to detail
these will over shed?

QD: Currently there is no clear path as to how the EPA is doing the pig sector project is still a very difficult process to work through. What role will you play?

A: EPA will be authorized to carry out the necessary activities and you will be authorized to be granted. Are you aware of the EPA's current position on authorizing?

Q: Yes I am aware and you have said we need to end hope to improve the quality of the air as much as possible.

A: Just to remind you that EPA is already working on a number of projects to get authorized. It might not be
