Hi Gary,

I refer to Eimear Cotter's email below in regards to setting up a date for the EPA/Coillte to meet.

Eimear Cotter is available on the 6th September, 10-11am to meet in person at the EPA, Dublin office - Would this date work for you?

Thank you kindly,
Grace

Gary

Apologies that it's taken a while to come back to you. We've had a busy few months. Mary and Jenny have given the ToRs a good review – see attached for our comments.

I suggest that we arrange to meet in September. A priority is to ensure that we both have the same understanding of what the Project Group are working towards – the revised ToR help and we can discuss before finalising in September.

Grace Marshall will be in touch in relation to setting up a meeting.

Best wishes

Eimear

Hi Eimear

I promised to come back after your water conference to arrange a meeting on the TORs. Have you been able to review the TOR and we can arrange a catch up on the TOR.

Many thanks

Gary

Gary

Thanks for your email and apologies for the delay in replying.

The team are very busy with publication of national reports in May and June and also our water conference in Galway on June 15th and 16th (hopefully someone from Coillte is attending).

Can we come back to you after the water conference to progress this?

Best wishes

Eimear

Hi Eimear

I hope all well, any progress on the TORs if we are in a position to finalise them or need a meeting to discuss.

Many thanks

Hi Eimear

Many thanks for your time on the 10th and thanks also to Mary. We have reviewed the terms of reference and we have suggested some changes. Can you review and amend if necessary and send back. Once we are all happy we should proceed with a first meeting. We would identify the appropriate forest service person to attend and hopefully they will attend the initial meeting.

Many thanks

Best Wishes

Gary

It was good to meet last week. Attached is a note of the meeting for your agreement. I also attach the draft ToR for the work initiated in 2022 between EPA and Coillte and forestry-related research projects that are funded by the EPA. I believe that Philip O’Dea sits on the steering group for some of these projects. For now, I suggest that we work on getting the TOR agreed and take it from there. I look forward to your comments on the ToR.

Best wishes
