Gary

Apologies that it's taken a while to come back to you. We've had a busy few months. Mary and Jenny have given the ToRs a good review – see attached for our comments.

I suggest that we arrange to meet in September. A priority is to ensure that we both have the same understanding of what the Project Group are working towards – the revised ToR help and we can discuss before finalising in September.

Grace Marshall will be in touch in relation to setting up a meeting.

Best wishes

Eimear

Thanks for your email and apologies for the delay in replying.

The team are very busy with publication of national reports in May and June and also our water conference in Galway on June 15th and 16th (hopefully someone from Coillte is attending).

Can we come back to you after the water conference to progress this?

Best wishes

Hi Eimear

Many thanks for your time on the 10th and thanks also to Mary. We have reviewed the terms of reference and we have suggested some changes. Can you review and amend if necessary and send back. Once we are all happy we should proceed with a first meeting. We would identify the appropriate forest service person to attend and hopefully they will attend the initial meeting.

Many thanks

Gary

It was good to meet last week. Attached is a note of the meeting for your agreement.

I also attach the draft ToR for the work initiated in 2022 between EPA and Coillte and forestry-related research projects that are funded by the EPA. I believe that Philip O'Dea sits on the steering group for some of these projects.

For now, I suggest that we work on getting the TOR agreed and take it from there. I look forward to your comments on the ToR.

Best wishes
