Dear Mr. Page,

I refer to the above and wish to advise that due to the lack of staff resources, Offaly County Council is not in a position to respond to the Notices at this time, however, we look forward to engaging further with this matter in due course.

Regarding Woodfield Bog, I wish to advise that a Warning Letter issued, and the developer responded advising that works had ceased. Going forward, ongoing inspections will take place twice a year on this site.

Yours faithfully,

Acting Director of Services
