## Commercial Peat Extraction within County Longford County wide Enforcement Plan

Longford County Council in its role as Planning Authority shall investigate all bogs within its functional area where it suspects or is of the view that Unauthorised Commercial Peat extraction is taking place at any location, nature or scale that requires environmental protections to be in place. This investigation shall include but not be limited to, peat extraction including related drainage of bogland which involves a new area or extended area of **30 hectares** or more since 11 March 2002, where planning permission and or an Environmental Impact Assessment may be required in accordance with the terms of the Planning & Development Act 2000. Also peat extraction including related drainage of bogland commenced after 21 January 2002 in a new or extended area of **10 hectares** or more which may not be exempt from planning permission since 21 January 2002. This investigation shall include Site inspections to include photographs. Land Registry searches will be carried to establish ownership of the areas in question. Area calculations will be carried using online mapping applications.

### Legislation

- The investigations shall have regard to the following directives.
- Environmental Impact Assessment Directive (Directive 2011/92/EU, as amended).
- The Birds Directive (Directive 2009/147/EC, as amended)
- The Habitats Directive (Directive 92/43/EEC, as amended), the Local Government Water Pollution Act 1977 & 1990 and
- The Environmental Protection Agency Act 1992 in respect of unauthorised commercial peat extraction.
