Hi Aidan,

I had a call day in response to two of the Warning Letters – both Klassman and Midland Peat Bog under same ownership:

12-12-2024 – Call from [REDACTED], from Klassmann and Midland Peat Moss to say there has been no activity since 2019 and they need map to view bog area as they do not own some of it. He will send in response and request in writing in the next week.

Best regards  
Patricia
