**Subject:** FW: [External] EPA prosecutes unlicensed peat operator - Agriland.ie

Hi Colette,

Please see report attached. We have no live enforcement files – there are a few that the EPA may wish to examine themselves which are above the 50ha.

Happy to discuss if needs be. I will be sending to Eamon in next few days.

Regards,  
Marie

Hi Eamon,

Colette and I have agreed to discuss once I have review technicians reports. Planning will review planning status and environment may want to do their own investigations on environmental issues.

Regards,  
Marie

Thanks Eamon  
I've spoken to Marie Ryan on this  
Planning have carried out site inspections and will forward reports to us for follow up where necessary

Regards  
Colette

Anne Marie and Colette

Please see article below.  
The EPA met us in summer last year asking for our assistance with such facilities in Tipperary.  
We gave a commitment to them, Planning Marie Ryan were to lead out on it with Environment assistance

You might include in your inspection plans for the year ahead.

Thanks  
Eamon
