Great

Thanks

Hi [REDACTED]

You need to toggle the layers on the right-side of the screen for “Private clearfell and thinning”, “Coillte clearfell” and “Coillte thinning”. It looks like you might just have the default afforestation layer toggled.

Regards

Andrew

Hi Andrew

Thanks for coming out to review recent trail works by Coillte Nature

If you recall, when you arrived on site you went into the woods higher up in Devils Glen

Triggered something a neighbour mentioned, so I went up there this week and there does seem to have been extensive felling

Is there any way to find out if this felling is licensed ?

It does not appear on the Viewer

Regards
