[REDACTED] [REDACTED]
From <<https://www.longfordleader.ie/news/newsletter-longfordlive/1570504/public-walk-developed-in-longford-s-mosstown-forest.html>>

23k HA pension funds + Semi States
cover all countries. Big impact by the storm.
Deals have been piecemeal. Largest private forest
owners.

[REDACTED] : Managing 3rd Party Assets. [REDACTED] ✓
?

Small owner \rightarrow family wealth + couple of corporate clients. IFOR. Small forest owner 23K 5 regional offices.

Introductions.

■ \rightarrow Public Safety Programme.

20m corridors: pulling all the data together.

Current corridors: what we will need to do.

Number of options - widening corridors.

① Data analysis.

112 outlets: 13 planner groups.

■: 6-12 get a monster again.

• Nrk was silent on Saturday + Sunday.

• Get the importance of the infrastructure.

one of the wealthiest on earth with 12% forest cover

planting less every year. 2050 → 25 yrs away → 30 years to mature!

Consider will this? Starts to divide the forest where they are not viable.

Look at the number of options. Have a number of different options.

██████████: Difference between wayleaves + easements. Who is holding the baby at the end of this.

ESG meeting 20th May.

4% → Going through forest. What % was caused by the forests?
