Before anything is done an Environmental Study must be done, I have watched wildlife on this land for over 60 years along with our great other watcher. This was the area that Eamonn Balar spent so much of his time he and Robin Ruchidge must be turning in their graves as Eric Dempsey, Zoe Deakin, Michael O'Leary and many others. Please let common sense prevail. A great track for Scooters & Scramble Bikes. God forbid you.

The closing date for submissions is the 13th February 2026

With the amount of land that has gone under development and has been lost to agriculture and Wildlife, it amazes me that you should think of building this Greenway through the proposed area the first thing that will happen is that the Wildlife will disappear, leave the area to the Wildlife and the Farmers to farm organically like they have been doing for years.

We have all enjoyed the Wildlife from the Sea Side for years with great enjoyment please do not
DESTROY THIS JEWEL IN WICKLONS
CROWN.

Please note the UK's Right to Roam has destroyed its Wildlife in many areas let us learn,
