Would the development of the Wicklow to Greystones Greenway encourage you to use it?

 Yes No

If you have specific information relating to the Emerging Preferred Route, or if you would like to make any other comments about the proposed scheme, please let us know *(please use additional paper and include supporting documents /images / maps if you wish)*.

I think this funding would be better spent on a good Bus Link service, connecting these communities. The vision of a lovely coastal walk is also miss leading as for the most part the Greenway would be going through fields, lined with fences to assist farming enterprises, with no sea view. The RAILWAY line and coastal erosion is of much more need of this funding. One also wonders how much of this Greenway funding will be spent on funding the Professional consultants.
THANK - YOU.
