Subject: Coillte Western Peatlands Project - required elements for project proposal from Coillte

Hi Rob,

As discussed, please the list of elements I am suggesting should be required to be included by Coillte in their project proposal to DAFM at this link: [WWP - project proposal request 031125.docx](#).

Please review and amend as you think is best. I can then send our request to Coillte.

Liam from Coillte phoned me earlier and I explained that we will send our project proposal request either today or tomorrow.

Regards,

Sonja

Paul,

Further to our recent conversation,

[REDACTED] As you will appreciate these can only be best estimates, given planning permission is currently in place for one site only (Derryclare), substantial works have yet to commence on site and cost inflation levels will ultimately impact. /

I would be grateful of an update regarding the abovementioned funding at your earliest convenience. In the meanwhile, please contact me if you have any queries.

Kind regards,
